

BeautyLash Conditioning Gel

Intensive care for eyelashes and eyebrows with vitamin E and D-panthenol.

BeautyLash Conditioning Gel is a nurturing conditioner providing long-lasting moisture; it intensely nourishes and protects eyelashes and eyebrows. When used on a regular basis, this rich combination of vitamin E, D-panthenol and glycerin helps to prevent dry, brittle eyelashes and eyebrows, preserving their full length and making them look healthy and strong. BeautyLash Conditioning Gel helps your eyelashes and eyebrows to stay beautiful.

Target group:

Not only colored hair needs care, but also lashes and brows. Therefore BeautyLash Conditioning Gel is specifically, but not exclusively designed for tinted eyebrows and eyelashes to keep their colour and smoothness.

Application:

Apply BeautyLash Conditioning Gel every night after you have removed your eye make-up. Overnight, the rich conditioning gel nourishes your hair intensely. The transparent gel can also be used during the day to gently form your brows and lashes, add extra gloss and freshen up your look. BeautyLash Conditioning Gel for daily use – professional care at home.

Ingredients:

Aqua, Glycerin, Alcohol denat., VP/VA Copolymer, PEG-40 Hydrogenated Castor Oil, Carbomer, Triethanolamine, Phenoxyethanol, Tocopheryl Acetate, Panthenol, Benzoic Acid, Dehydroacetic Acid.

GROUP DATA SHEET

Hair conditioner

Last modified: 2016-02-05, GWC

1. Identification of the product

Mainly opaque, partly coloured emulsions, fat mixtures or gels of cream-like consistency. Mostly in bottles or also in tubes or jars made of plastic.

2. Hazards identification

When used properly, the product is safe and tolerable in accordance with the legal provisions (Article 3 of the EU Cosmetics Regulation). The following information applies to inadvertent misuse or accidents as well as possible commercial uses.

3. First aid measures

Measures in the event of

–contact with eyes: remove contact lenses, if present, then rinse immediately with plenty of lukewarm water; if irritation occurs, consult doctor (ophthalmologist) as a precautionary measure.

–ingestion of larger amounts: do not induce vomiting. Rinse out mouth and drink about one glass of water.

Where appropriate, consult competent Poison Control Centre or doctor.

When consulting a doctor or a Poison Control Centre, always have packaging or label and possibly package insert available.

4. Fire fighting measures

All common extinguishing agents are suitable.

5. Accidental release measures; disposal considerations

In the event of spillage/leakage: mop up main volume with cloths; when larger amounts are involved, dispose of cloths and mopping up material. Remove rest with water and common cleaning agent.

Attention: danger of slipping.

Packaging should be recycled after residual emptying. Filled, unused packages must be disposed of separately in accordance with the waste management directives of the municipality.

6. Handling and storage

Must be used in accordance with manufacturer's instructions. Observe any warnings on packaging.

Avoid contact with eyes.

Store in a cool and dry place (not above room temperature).

7. Other information

Refer to conditions of use and any warnings on the product or packaging.

When consulting a Poison Control Centre always keep packaging or label and possibly package insert available.
