

## BeautyLash Styling Gel Choco

Care, shape & a touch of colour for medium to dark brown brows.

Accentuated eyebrows are the perfect frame for your face and draw attention to your eyes. With BeautyLash Eyebrow Styling Gel you can give your eyebrows a soft touch of colour, shape them permanently and give them extra care at the same time. The eyebrows are accentuated and obtain a clear, defined outline. This way your eyebrows are cared for and look stunning and strong, all day long. You can even wear the Eyebrow Styling Gel during sports or swimming, since it is waterproof. In addition, the Eyebrow Styling Gel can also be used for subtly accentuating your eyelashes.

The BeautyLash Eyebrow Styling Gel contains natural nourishing ingredients, such as beeswax, that nurtures the hair and keeps it smooth. With **UV Filter**.

### Target group:

- For women with sparse eyebrows: small gaps can be filled and a harmonious overall appearance can be created.
- For women with full brows: eyebrows can be enhanced and cared for at the same time.
- The gel is waterproof - therefore it can also be worn while during sports or swimming.

### Application:

- Position the mascara brush on the lower edge of your eyebrow, above the nose bridge, and comb the hair softly, diagonally upwards.
- Do not push too hard, the product should not stick on your skin but only on your hair.
- Continue until all hair is covered softly with colour and combed in place.
- To remove, simply wash off with water and a mild washing gel.

### Ingredients:

Aqua, Cera Alba, Mica, Polyurethane-35, Glyceryl Stearate, Palmitic Acid, Stearic Acid, Triethanolamine, CI 77499, Caprylyl Glycol, CI 77492, CI 77491, Phenoxyethanol, Ethylhexylglycerin, Hydroxyethylcellulose, Dimethicone, CI 77891, Tocopherol.

## GROUP DATA SHEET

### HAIR STYLING CREAM/PASTE (GUM, POMADE, WAX)

Last modified: 2016-03-03

Corresponding frame formulation (CPNP): 12.1-2013

#### 1. Identification of the product

Mainly opaque, in some cases coloured emulsion or paste of cream-like or wax-like consistency.

#### 2. Hazards identification

When used properly, the product is safe and tolerable in accordance with the legal provisions (Article 3 of the EC Cosmetics Regulation). The following information applies to inadvertent misuse or accidents as well as possible commercial uses. Product may be flammable.

#### 3. First aid measures

Measures in the event of

– Inadvertent contact with eyes: rinse thoroughly with plenty of lukewarm water immediately; if irritation persists, consult ophthalmologist as a precautionary measure.

– Inadvertent ingestion of larger amounts: do not induce vomiting. Rinse out mouth and drink about one glass of water. Where appropriate, consult competent Poison Control Centre or doctor.

– Discomfort on contact of undiluted product with skin: immediately wash off with water; skincare. If skin irritation persists, consult doctor.

When consulting a doctor or a Poison Control Centre, always have packaging or label and possibly package insert available.

#### 4. Fire fighting measures

All common extinguishing agents are suitable.

#### 5. Accidental release measures; disposal considerations

In the event of spillage/leakage: mop up main volume with cloths; when larger amounts are involved, dispose of cloths and mopping up material by controlled disposal – possible risk of fire. Remove rest with plenty of water and common cleaning agent.

Packaging should be recycled after residual emptying. Filled, unused packages must be disposed of separately in accordance with the waste management directives of the municipality.

#### 6. Handling and storage

Must be used in accordance with manufacturer's instructions. Observe any warnings on packaging.

Avoid contact with the eyes.

Store in a cool and dry place (room temperature). Reseal container after use.

Product may be flammable. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.

#### 7. Other information

Refer to conditions of use and any warnings on the product or packaging.

For consultation in the event of poisoning, the Poison Control Centres have additional details about the individual products. When consulting a Poison Control Centre always keep packaging or label and possibly package insert available.
